Report on Town Council Items: Town Manager, Kevin Fauber spoke, the Well Project is underway, the development of Well 7 & 8 which is a smaller well on top of the mountain near the reservoir has started, it is a year long contract. Once those wells come online, they will increase our compacity for water. We are gearing up for the next faze of the Sidewalk Project, new sidewalks from the shopping center heading north to Avondale Acres area on Rt. 11, then a section of side walk along Conicville Blvd., we are waiting on the agreements from VDOT. We are probably looking at a spring time startup next year.

Chairman Ambrose spoke, a gentleman approached me the other week, about the land up at the Knob the gentleman owns some land on the back side with access to get up to the Knob. If the town would like to have a right away to get up there, the gentleman is interested in giving the right way to the town for free. Town Manager, please have the gentleman get in touch with me.
